INTEGRATION SUMMARY

Reduce data entry and mistakes by eFiling from Time Matters®

InfoTrack's integration with Time Matters® saves law firms time and reduces the risk of errors in the online court filing process by automating repetitive data entry.

InfoTrack eFiling can be activated for free inside your Time Matters® software. Here are the top four reasons to use it.

BENEFITS OF FILING CASES FROM **Time Matters®**

Direct access to Time Matters® documents
No need to export or save a document locally to eFile. Select documents directly from your matter and eliminate the risk of mistakes.

Expenses automatically saved to Time Matters®
Every transaction is tracked and automatically recorded in your matter in real time. Track every expense, reconcile easily and get paid faster.

File-stamped docs synced to Time Matters®
File-stamped documents and results are automatically saved back to your matter. No need to download, import and rename files.

No subscription or setup fees
Only pay for what you use. With all fees tracked into your matter, you can directly pass the fees onto your client as an expense.

Contact InfoTrack today to schedule a demo and activate your Time Matters® court filing integration.
